

BASE BALL. BOWLING. Sporting. BOXING. CYCLING. THE ISLAND WINS.

The Wheeling Ball Club will use the Island Grounds this season—Sunday Base Ball, Apparently, will now take a Back Seat.

The "fans" of the Island and the over-the-river towns will receive with satisfaction the news that the Wheeling base ball club will be at home through the season of 1899 at the park on the Island.

The hitch arose through the location of the park within a few feet of the fertilizer plant on the bank of Wheeling creek; this location was vigorously objected to, but as a change could not be effected the club withdrew from its negotiations with the Elm Grove and began a very serious flirtation with Secretary Shirley, of the Wheeling Railway Company, owner of the park on the Island.

Mr. Howell said this arrangement was final; the contract had been entered into, and if the Wheeling & Elm Grove company wanted the club to play Sunday ball at a park on its line, the park would have to be improved.

The Toledo Blade has a dizzy story to the effect that New Castle has purchased the release of Catcher Lattimer from New York for \$500. As a matter of fact Lattimer was released to Wheeling by Dayton and his signed contract to play with Wheeling this season was received on Monday of this week.

Officers of the Youngstown Inter-state club have sent checks to players whose contracts called for advance money. Players will report next week, William Carney coming from St. Paul, Minn.; William Connors from Bloomington, Robert E. Pender from New Orleans; M. J. Trent, Philadelphia; Joe Ganzel, Saginaw; J. Van Buren, Omaha; W. McCredie, Ottumwa, Iowa; Harry Berth, Kansas City; Heyman, Massillon; Kid Helberger, Cincinnati. These

Good Blood! Does your heart send good or bad blood to your brain? If bad, impure blood, then your brain aches. You are troubled with drowsiness, yet cannot sleep. players, with a few others, will constitute the team for 1899. Wheeling shows up with a player named Eagle, while Dayton bobs up with a Salmon. Now if some team could secure one or two of the Lobsters which graced the league last year, we will be ready to open the season.—Toledo Blade.

BOXING. The Metropolitan club will open its doors under the new management on the evening of April 18, and the star attraction will be a twenty-round contest between Oscar Gardner and Joe Hopkins, of Buffalo, N. Y. Fred Fox, manager of Hopkins, last night wired his signature of the articles forwarded to him at Youngstown the day previous. The articles call for 127 pounds at 3 o'clock the day of the contest, which is a stipulation very favorable to the colored man, who is likely to weigh 132 at the ringside or may be more. The club was anxious to get on a bout as soon as possible, and it was fortunate in getting such a card. Gardner on two occasions has got the decision over Hopkins, but he had to fight every inch of the way.

Oscar Gardner and William Winder leave Sunday for New York, for the Gardner-O'Donnell fight, and they will stop off in Pittsburgh to see Jack McClelland, regarding a match with Eddie Gardner about May 1. It is very likely Eddie Gardner and Patsy Murray, of Steubenville, will meet for ten rounds as a preliminary to the Gardner-Hopkins bout. The new managers of the Metropolitan club promise local patrons the best sport possible to secure, and they believe their efforts for good contests will be rewarded by old-time packed houses. A match contemplated for the future is Harry Fisher of Brooklyn, and Jim Franey, of Cincinnati, at 150 pounds. Tommy Ryan may also appear against a good man here.

Oscar Gardner's manager, Pat Sullivan, has deposited \$500 to bind a match with either Will Curley, Jabez White or Ben Jordan, three of the leading feather weights of England. Gardner will fight before the National Sporting club, of London, at the Olympic club, of Birmingham, if a purse of \$3,000, and \$500 for expenses is offered. A match with Curley is likely to be arranged, to be decided the latter part of May.

BOWLING. Samuel Karpf, secretary of the American Bowling Congress, and manager of the Greater New York Bowlers, arrived in Chicago this week, from a trip as far west as Denver, Colo. Mr. Karpf said that enough interest had been stirred up to bring about the formation of a Western bowling league, similar to the Inter-State league, in the east. Owing to the long distances it was deemed advisable to divide the league into two sections. St. Louis, Kansas City, St. Joseph and Topeka will make up one section, while Sioux City, Des Moines, Omaha and Lincoln will comprise the second section. The winners of each section will meet in a special series to decide the championship.

MARTIN'S FERRY NEWS. The Daily Chronicle of Wheeling's Progressive Neighbor. A telephone message was received at the police station yesterday morning from Clark's addition, stating that an unknown man who it was thought had smallpox, had visited that part of town and had crossed over to the West Virginia side. Considerable excitement was the result of the report, but the truth of the story is doubted by many. John Riordan, of Cincinnati, representing the lead glass firm of Riordan & Son, is in the city conferring with the Presbyterian building committee in regard to placing windows in the new church. A meeting was held at Dr. L. Hervey's office last night, at which ideas for the windows were submitted by Mr. Riordan. The meeting of the Woman's Club, which was to have been held at the home of Mrs. R. C. Swartz, yesterday afternoon, was postponed one week, in order that those who wished could attend the special sermon to women delivered by Evangelist McKelvey. At the meeting of the township trustees held Tuesday night, Dr. W. B. McClure, at his bid of \$150, secured for the contract for rendering medical and surgical attention to the city and Martin's Ferry precinct poor. The work of placing a large pipe organ in St. Mary's church will be commenced soon. Besides the placing of the new organ the interior of the church will be renovated by the application of paint and fresco work. A very pleasant social was given by the Junior Christian Endeavor Society of the Presbyterian church at the home of Miss Lena Ulrich, on Broadway, yesterday afternoon. Charles Myers, while whittling a piece of wood yesterday, was unfortunate enough to allow the knife to slip, cutting off the end of a finger on his left hand. W. C. Blond, inspector of the American Tin Plate Company, who has been in the city for several days, left yesterday for Cleveland, Ohio. The brick work on a large new building to be erected on Washington street, by Owen Friery, will be commenced next week. Mrs. Jacob Rosenthal and Mrs. Thomas Charlton will go to Marietta this morning to visit relatives of the former. At the United Presbyterian church last night Rev. McKelvey delivered a special sermon to the business men. Mrs. James Hukill is recovering nicely from the effects of a surgical operation performed upon her last week. Frank Carey, a representative of the

The marvelous growth of cycling in this country is creating widespread interest among riders in England. The London Field comments on this matter as follows: "It is characteristic of the Americans, and goes to prove how practical they are as a nation, that bicycling has become even more of a national pursuit in the United States than it is with us or in France, or indeed, any other country. This is all the more to the credit of the Americans when it is con-

sidered how vastly inferior their roads are to those which exist in many European countries." Bicycle baggage bills which will deprecate bicycles to be baggage, and subject to the regulations governing the latter, are now being introduced in the western states, and wheelmen are making a strong effort to have them passed. New York state with its Armstrong bill established the precedent in this respect, since the passage of which the majority of states in the country have followed the example. AMUSEMENTS. "The Telephone Girl," by Hugh Morton and Gustave Kerker, will be at the Opera House, Saturday night, April 5. Anything with a book by Hugh Morton attracts attention, because of the eccentric and the hilarity of the plot and the skillfully engrafted swish of the chorus girl. These were present in extraordinary degree in "The Belle of New York," which is now amazing London. "The Telephone Girl" was planned for the use of Mr. Mann and Miss Lipman, two musical fancy comedians who have proved their popularity in "The Girl from Paris." Miss Lipman will play the particular "shells girl" designated in the title, and Mr. Mann will act the eccentric and composed German inspector of the exchange. One of the scenes shows the exchange room with a semi-circle of "hello" girls at their instruments, and the jangle of bells over all the house. Another scene represents the apartments of an actress (Mr. Morton always has actresses in his plays), and this is said to be a view of great beauty. Mr. Kerker's music has that charm of being instantly and unconsciously repeated in the mind. The story is well calculated for plenty of entertainment; it is based on a telephone girl hearing over the wire her lover make an appointment to meet a vaudeville actress. By taking the place of the actress and keeping the appointment herself, there is a train of complications of the merriest character, these being incidentally punctuated with lots of dancing, singing, choruses and other features. Mr. Louis Mann and Miss Clara Lipman assume the leading roles, supported by the original company. The auxiliaries include a large chorus of female voices and a corps de ballet, led by Miss Lillie Collins, the celebrated wing and negro buck dancer. Perhaps the decided novelty is the chorus in the "Telephone Girl," it being rendered by female voices, with not a male voice to break the rather agreeable monotony. One advantage, at least, has resulted from the experiment, and that is a fund of brilliant costumes in great variety.

THE RUSSELL ENGAGEMENT. The Wheeling engagement of Mr. Sol Smith Russell will take place at the Opera House the latter part of this month. Mr. Russell's appearance will be doubly attractive for the reason that he will be seen in Charles Klein's latest comedy entitled "Hon. John Grigsby." In this new character, creation Mr. Russell, it is said, has full scope for his quaint and delightfully original methods which have endeared him to our theatre-goers. It is a mature genius and comedy acting with the mellowness of old wine, that is welcomed in Sol Smith Russell each recurring season. A very strong supporting company accompanies Mr. Russell.

"DANGERS OF A GREAT CITY." The attraction at the Grand Opera House, commencing on next Monday, is without doubt one of the very best that could have been chosen. Tommy Shearer and his clever company come well recommended. Every production given by this, greatest of all, popular price attraction, a masterpiece of stagecraft. On Monday night, "Dangers of a Great City" will be produced, with all special scenery. Ladies' tickets can be exchanged at the reserve seat sale, which is now open. Seats should be secured early. Ladies not being able to obtain ladies' tickets should apply for them at the reserve seat sale before 6 o'clock Monday evening. Prices 10, 20 and 30 cents. Matinee Wednesday and Saturday. During the week the sensation of the city will be produced by this company, "Cyrano de Bergerac." There will be no advance in prices.

ALONG THE LANDING. The marks at 6 p. m. showed 10 feet 6 inches and falling. Weather, clear and warmer. The Virginia is this morning's packet for Cincinnati, departing at 8 o'clock. The small steel government tender steamers Mercury, Mars and Venus, now being finished at Sweeney Bros. plant at Jeffersonville for the Mississippi river commission, will be ready for delivery to Uncle Sam in ten days, when the Mercury will tow the Mars and Venus to Cairo. New Orleans is seriously threatened commercially by the shoaling of the South Pass, which only vessels drawing under twenty-three feet can pass into. Outside the mouth of the river lie five great steamships unable to enter to unload their cargoes, while several great steamers are detained in port unable to depart.

PITTSBURGH RIVER NEWS. The Pittsburgh, April 5.—The Elizabeth both Marine Ways Company, of Elizabeth, has laid the keel of the big towboat that will be built for the Pittsburgh Transportation Company. The stem of the boat is being raised to-day. Work on it will be pushed as rapidly as possible. The timbers are being cut for the keel, and it is the intention to have it completed by next fall. Last evening the City of Pittsburgh was at Memphis, and Captain Dana Scott telegraphed that everything on board was well and the steamer would be at New Orleans on Friday morning. The board lost some time at Cairo, being compelled to take off the pilot house in order to get under the bridge. The Pittsburgh had made good time to Memphis. She left here last Tuesday afternoon, and lost eight hours at Pt. Pleasant, twenty-four at Cincinnati and sixteen at Louisville, which would make her run to Memphis about five days, actual time. She has a big river to go on, but Captain Phillips is not forcing as any of the Cincinnati and New Orleans packets make. The boat should pass Greenville, Miss., this afternoon. The Ohio river is still at a large stage of water, but as there is not sufficient water above the sunken rails at Merriam no coal shipments are being made, and no coal will be sent out until there is a rise in the rivers.

A MAN CAN'T PILE. WHEN HE IS SUFFERING WITH PILES. He Can't Eat, Sleep, Can't Get Comfort Any Way But One—Pyramid Pile Cure Will Cure Him; Give Instant Relief. Just a little pain may so distract a man's life that it will cost him hundreds of dollars. Life is a battle. To succeed one needs all his energies and all his brain force to apply to the question at hand. Even a corn will make him irritable, cross, angry—and an angry man seldom succeeds. The trifling pain of a corn is a pleasant feeling besides the agonizing ache of piles. That is a pain which seems to pervade the whole body. It communicates itself to all parts near the seat of the trouble, and brings on a heavy dragging feeling in the perineum. Those who do not so suffer do not know what it means. It racks the nerves, prevents sleep, prevents concentration (thought) and makes a man lose flesh as fast as he would with a virulent fever. And yet piles are looked upon as a little thing. They are neglected—allowed to run on from month to month and year to year. By and by comes a surgical operation. Maybe it cures—maybe it kills. There is only one sure, safe and quick cure for piles. It is the Pyramid Pile Cure. It is a recent discovery, and its properties are such that it cleanses, soothes and heals the inflamed parts, reduces the inflammation at once and by continued treatment, removes all swelling and all trace of disease. It puts the membranes in a healthy, active condition, and cures completely and permanently. From C. F. Collins, Garnett: "I commenced using the Pyramid Pile Cure, but my case was so bad that I was afraid the remedy would fail, but before I had used two-thirds of a package I began to feel much better, and I can honestly say I am entirely cured. It is the quickest and surest remedy I have ever heard of." From Josiah Roberts, Port Oram, N. J.: "Just one-quarter of a package of the Pyramid Pile Cure did wonders for me, and I have lost no opportunity of recommending such a wonderful remedy." From Wm. McKale, of Rockport, Mass.: "One package of Pyramid Pile Cure has helped me more than anything I have yet used." Pyramid Pile Cure is sold by druggists generally. If your druggist doesn't keep it, he will get it for you if you ask him. Book cause and cure of piles sent free. Address, Pyramid Pile Co., Marshall, Mich.

BELLAIRE HAPPENINGS. Matters of Interest in the Metropolis of Belmont County. City Solicitor Hunter S. Armstrong will go to Columbus on the 26th, to argue the case of the city against the Baltimore & Ohio Railroad Company, in the supreme court. In the conduct of the case, through both the common pleas and circuit courts Mr. Armstrong presented the matter in such form as to attract attention and win honors for himself as well as the case for the city. Indeed the opinion has obtained that the railroad company was only seeking to delay settlement in taking the case to the supreme court. The recently reported marriage of Robert C. Haase, the Baltimore & Ohio traveling passenger agent at St. Paul, Minn., as printed in a Zanesville paper, giving details, has caused that gentleman much annoyance, not to mention the trouble it may have given the Wheeling young lady, whose name was connected with the affair, as one of the principals. Mr. Haase is incensed, but the Zanesville newspaper was perhaps imposed upon by some wag. The newly elected council will organize on the evening of the 11th inst., after the present council settles up all of the old business. There are in fact no new members. Three of the present council were re-elected and Messrs. Boneysteele and Carson, who take the place of the retiring members—Messrs. Thurn and Wilson—have both served in council before. Mr. Carson being out only one year, while Mr. Boneysteele has been out four years. The city board of education authorized a local examination of teachers to be held as soon as the examination gives the necessary notice. The board also paid bills amounting to over \$2,200, including the teachers' payroll. The new members of the board will take their seats on the 17th. The road supervisors chosen in this township on Monday, for the various districts, were as follows: District No. 1, Mark Smith; No. 2, Robinson Workman; No. 3, W. P. Unterzuber; No. 4, Elijah S. Brown; No. 5, N. A. Neff; No. 6, A. J. Giffen; No. 7, William Schafer. The Baltimore & Ohio Railroad Company is putting up a large derrick in the freight yard to be used in making transfers to the Bellaire, Zanesville & Cincinnati railroad. This business has grown to wonderful proportions lately. The Christian churches of this section are arranging for a rally at the Bethesda church on the 16th. There will be preaching forenoon, afternoon and evening, and a large gathering is expected. Two colored men named Davis and Mayfield, paid \$5 and costs for their part in the incipient riot at a saloon in the Fourth ward recently. In all about a dozen fines have been imposed for that fracas. Letter Carrier E. E. Workman, George T. Moore and Charles E. Ruble will be the judges in a Demorest medal oratorical contest at the new church at Shady-side, this evening. R. L. Bowman was elected township trustee in York township Monday, and Dr. E. N. Riggs was elected mayor of Powhatan on a Citizens' ticket. The Stewart Enamel Company put off part of its working force yesterday at noon. Nothing has been heard of the combine lately. P. H. Thornton will leave to-morrow for Louisville, Ky., to attend a convention of Metropolitan life insurance agents. John B. Watt, of the Globe hotel, went to Pittsburgh yesterday evening, to attend the funeral of W. J. Wright. The Gravel Hill Literary and Social club will meet at the home of Mrs. M. A. Sanders this evening. There will be a civil service examination in this city on the sixth of May for clerk and carrier. Wilson S. Marshall has been appointed postmaster at Vallonia, vice D. W. Mellott, resigned. G. T. Moore, esq., has been appointed administrator of the estate of the late J. B. Smith.

Thankful words written by Mrs. Ada E. Hart, of Grotton, S. D.: "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four Doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God, I am saved and now a well and healthy woman." Trial bottles free at Logan Drug Co.'s drug store. Regular size 50c and \$1.00. Guaranteed or price refunded.

NO TROUBLE TO SHOW GOODS. Milligan, Wilkin & Co., 1133, 1140 and 1142 Market St. BELLAIRE HAPPENINGS. Matters of Interest in the Metropolis of Belmont County. City Solicitor Hunter S. Armstrong will go to Columbus on the 26th, to argue the case of the city against the Baltimore & Ohio Railroad Company, in the supreme court. In the conduct of the case, through both the common pleas and circuit courts Mr. Armstrong presented the matter in such form as to attract attention and win honors for himself as well as the case for the city. Indeed the opinion has obtained that the railroad company was only seeking to delay settlement in taking the case to the supreme court. The recently reported marriage of Robert C. Haase, the Baltimore & Ohio traveling passenger agent at St. Paul, Minn., as printed in a Zanesville paper, giving details, has caused that gentleman much annoyance, not to mention the trouble it may have given the Wheeling young lady, whose name was connected with the affair, as one of the principals. Mr. Haase is incensed, but the Zanesville newspaper was perhaps imposed upon by some wag. The newly elected council will organize on the evening of the 11th inst., after the present council settles up all of the old business. There are in fact no new members. The Baltimore & Ohio Railroad Company is putting up a large derrick in the freight yard to be used in making transfers to the Bellaire, Zanesville & Cincinnati railroad. This business has grown to wonderful proportions lately. The Christian churches of this section are arranging for a rally at the Bethesda church on the 16th.
